

STATE GEOLOGICAL SURVEY.

Columbus, O., *March 7th* 1891.

Prof. Ezra Brainard,
Middlebury,
Vt.

My dear Sir,

I have taken the liberty
of sending to your address two copies
of my annual report for 1890, one for
yourself and one for Pres^t Seeley -

I should be glad to effect an
exchange of fossils with you for your
lower forms. I can give you good
forms of Hudson River (Cincinnati) Niagara
or Devonian (Carboniferous) limestone

Very truly -

Edward Orin
